

Bayer Animal Health Care4Pigs Grant Initiative Project Proposal Guide

Project Title	<i>Please insert the title of your project here</i>
Introduction	<i>Please give context to the well-being and/or management issue being tackled by your project. Please explain the project objective, the expected outcome and how you believe it will impact swine well-being.</i>
Materials and Methods	<i>Please describe your project idea, the methodologies that will be used, what you will measure and how. The goal is to enable the jury to better understand how you will implement the project. Also, please describe how the Care4Pigs grant will be used to fund your idea.</i>
Timeline	<i>Please describe when your project is planned to start and end. Also indicate the dates of the major project steps or milestones to the best of your ability.</i>
Pictures and Images	<i>If possible, please add here any images, graphs or illustrations that will help the jury understand your project</i> 

Please note:

- Submissions will only be accepted through the website www.Care4Pigs.com.
- This guide is provided for your convenience and to help facilitate a detailed description of your project for evaluation by the Care4Pigs jury. Use of this template is not mandatory.
- This document should be used only in the context of Care4Pigs applications.
